

African Governance and Leadership Institute of Corporate Directors

Guiding Governance and Leadership Excellence in Africa

Enterprise Resource Planning (ERP) Training Course

Date: 8th June 2026 to 12th June 2026

Venue: Arusha, Tanzania

COURSE OVERVIEW

Has it ever happened in your organisation that every department submits reports that are different? Do you find it difficult to understand the challenges of your business due to the data mismatch?

ERP or Enterprise Resource Planning is the answer to most of the business needs. It is a software used by businesses to manage the routine activities of all the departments of an organisation. Once the day-to-day activities are streamlined, it helps boost the revenue and productivity of the company. This course on Enterprise Resource Planning (ERP) by AGLIoCD Talent Solutions will help you to drive business productivity. This will also help you address the tasks and challenges at any stage or module of your business strategy promptly and thus ensure the success of your organisation's blueprint.

COURSE OBJECTIVES

This Enterprise Resource Planning (ERP) course will empower you to:

- Understand the strategic impact of ERP on Business
- Understand the importance of ERP and its relationship with the functions in the organisation
- Understanding issues and decisions made before selecting and implementing ERP
- Understand ERP as an enabler of the business

TRAINING METHODOLOGY

We at AGLIoCD Talent Solutions offer a highly interactive presentation with emphasis on related theory. Practical examples, current trends, and case studies of the success and failure of ERP will give an opportunity to share your ideas with other industry participants as well. AGLIoCD Talent Solutions follows the methodology of Do-Review-Learn-Apply.

ORGANISATIONAL BENEFITS

The organisation will benefit as follows by implementing ERP:

- Increased rate of accuracy for the organisation
